## 2 BOYS DEAD, 1 WILL DIE FROM SAND BANK CAVE-IN.

Two boys were killed outright and one fatally injured this afternoon by the caving in of a sand bank at Nassau avenue and Houseman street, back of Calvary cemetery, Brooklyn, on the Queens County line.

Several days ago a gang of workmen excavating at the point discovered a vein of sand and dug it out, leaving a cavern several hundred square feet in extent. The boys of the neighborhood found it a pleasant spot to play in. Two of them were frolicking about the place this afternoon when the overhanging earth gave way and twenty tons of earth fell down upon them. All of them

were caught and buried, but only three were injured.

The fire department and the reserves

of the Greenpoint and Herbert street stations were summoned. James Cunard, nine years old, of No. 25 Nassau avenue, and Edward Fagin, fifteen years old, of Nassau avenue and Second street, Long Island City, were dug out dead. John Donahue, nine years old, was dug out unconscious, suffering from a broken leg and a fractured skull.

He was taken in a dying condition to St. Catherine's Hospital. Mothers and relatives of the boys crowded about the mouth of the cave when news of the accident spread through the neighborhood. More than a thousand persons watched the police and firemen during the work of rescue.

## PHILBIN HOT ON THE TRAIL OF ERRING POLICE CAPTAINS.

All of the machinery of the District-Attorney's office is to be put in motion next week with the design of punishing police officials accused of profiting by alliance with vice.

The threat of Murphy and Devery to fill all the vacant places on the force before Jan. 1 has roused the District-Attorney to action.

He has matters in such shape now that he feels that he can proceed without encountering the vexatious delays that have saved police officials from punishment heretofore.

It is the intention of District-Attorney Philbin, now that the election is over, to ask the Grand Jury to reconsider the charge of neglect of duty against Capt. Gannon in connection with the Committee of Fifteen's raid on the Webster Hotel, in East Fifteenth street. The October Grand Jury, after hearing the case, refused to indict Gannon.

Mr. Philbin will also seek to have Capt. Herlihy, whose treatment of the Rev. Dr. Paddock while in command of the Eldridge street station created the trouble which led to the formation of the Committee of Fifteen, reindicted or to have Recorder

Goff's decision quashing the Herlihy indictment set aside.

An effort will be made this coming week to have Justices Truax and O'Gorman, of the Supreme Court, file their decision in the cases of Wardman Glennon and Deputy Chief Devery. Both Devery and Glennon have had the cases against them tied up since October on various motions. When these decisions are filed Mr. Philbin expects to make progress in the two cases.

## CLARKE, CORPORATION COUNSEL; COL. DYER TO HEAD POLICE?

According to gossip at the Citizens' Union Headquarters this afternoon Mayor-elect Low is expected to offer the appointment of Corporation Counsel to J. C. Clarke, who was his campaign secretary.

The name of Col. George R. Dyer is discussed with favor or Police Commissioner, and it was said that Bishop Potter is favorable to his appointment, but of this no confirmation was to be had.

William Walters, an ironworker, thirty-two, employed on a building at Wall and Water streets, fell twenty feet this afternoon and died before the arrival of an ambulance. Charles Fitzhardt, of No. 347 St. Ann's avenue, also fell, but escaped with slight bruises.

## CAR HANGS OVER "L." A SUICIDE.

Fifty-ninth Street Bumper Knocked Into Street Below by Train.

Nothing short of a miracle prevented a horrible disaster this afternoon at the Fifty-ninth street terminal of the Sixth Avenue "L" road.

A train of empty cars was switched onto the middle track with such force that the end car struck the bumper and went half way over the elevated structure.

The forward truck fell into the street with a terrific crash, but through a kind Providence, not one of the many passing trolley cars and pedestrians were hurt.

The rear end of the car fortunately was held fast by the coupler, and this fact, too, contributed to preventing a fearful disaster.

James Cahill, superintendent of the division, in helping to clear up the wreckage hurt his foot. He was taken home in a cab.

## BEAUTIFUL YOUNG GIRL MISSING FROM COLLEGE.

Miss Augusta K. Williams, the beautiful seventeen-year-old daughter of Dr. George E. Williams, of No. 49 Hancock street, Brooklyn, has disappeared and the police have been asked to find her.

Miss Williams was a student at Adelphi College, a select school for young ladies at Lafayette avenue and 61st Street. Her father is a wealthy and prominent practitioner.

Dr. Williams said this afternoon: "My daughter went to school as usual at 8:30 o'clock yesterday. When she did not return last evening for dinner I went to her teacher and learned that she had reported at the usual hour, but an hour later, about 9:30 o'clock, she phoned sickness and asked to be excused. As far as I can learn she left the college grounds."

"I at once notified the police. The girl had \$15 or \$20 of her own money

happy in her home relations. She had no gentlemen friends that I knew of and I do not believe any man has anything to do with her absence.

"I have inquired among her school girl friends and she is not with them, neither have they any idea of why she has disappeared."

The missing girl weighs 120 pounds, is of light complexion, has blue eyes and brown hair worn in a braid. She wore a brown skirt, blue waist with polka dots, gray felt hat with blue velvet trimmings and blue pompon, black cloth sack coat, with velvet cuffs and collar.

The case has been placed in the hands of Capt. Reynolds in charge of the Brooklyn detective squad.

## \$100,000,000 TROLLEY LINE TRUST FORMED IN THIS CITY.

In the offices of Kean, Van Cortland & Co., at No. 26 Nassau street, Henry A. Everett and Edward W. Moore met a number of Wall street capitalists this afternoon to form a \$100,000,000 "Holding Company" to consolidate the trolley lines of Ohio, Michigan and Indiana.

The system will have direct connection between New York and Chicago by way of Buffalo.

More than 10,000 miles of trolley lines are involved in the deal.

At the meeting \$5,000,000 issue of bonds at 4 1/2 per cent. was authorized by the Board of Directors of the Detroit United Railways. The bonds are intended to take up existing liens and make further additions to the property of the company.

This action is the first step in the formation of the \$100,000,000 "Holding Company."

The first step in the consolidation was noted above was the placing of a \$5,000,000 mortgage for improvement purposes on the Ohio and Southern Mich-

igan roads, already controlled by the syndicate.

August Belmont & Co., The Guaranty Trust Co., and the United States Mortgage and Trust Co., of this city, are trustees for the stockholders of the roads interested in the consolidation.

At the offices of these companies it was admitted to-day that the consolidation scheme was being worked out, but, as the companies act only in a representative capacity for their clients,

they will not be interested in the negotiations. When these are completed they will pass on them for the stockholders.

Six months past, the Everett-Moore syndicate of Cleveland and Detroit capitalists has been acquiring option rights on the principal trolley companies in the Middle West. Their acquisitions now include all lines between Port Huron and Cleveland with branches reaching into Indiana and as far south as Wheeling, W. Va.

### THIRD AVENUE SYNDICATE'S END.

The Third Avenue Road Bonding Syndicate, formed at the time of the acquisition of the road by the Metropolitan Railway Company, was dissolved to-day by consent of members.

The reason for the dissolution was said to be a desire to give the bonds wider circulation in the open market. Some members of the syndicate were for holding the bonds, while others were inclined to dispose of their holdings. The bond of the company, which were issued in the refinancing of the road by the Metropolitan, are guaranteed at 5 per cent. by that company.

### FAILED THRO' "MISS PRINNT."

Manager Immerman Is Declared a Bankrupt Because of the Play.

Joseph Immerman, a well-known theatrical manager, was declared a bankrupt to-day. He owes about \$5,000, mostly to theatrical people, and has nominal assets of the value of \$1,000.

Mr. Immerman is now managing the King's Carnival, which is playing in Boston. He was the backer and manager of Marie Dressler in a play called "Miss Prinnt." and it was his connection with this attraction that forced him into the bankruptcy court.

Among his creditors are Joyanna Howland, Zein Frank, Hessian Clayton, Charlotte Walker, now of James K. Hackett's company, William A. McConnell and Emanuel Friend, the lawyer, who appeared for him in the bankruptcy proceedings. The scenery and costumes of "Miss Prinnt" comprise his assets.

The disappearance of Charles of Halloran, thirty-seven years old, of No. 91 Summit avenue, Brooklyn, was reported to the police of the East Twenty-second Street Police Station yesterday afternoon by his sister, Miss Halloran, who lives at No. 352 Fourth avenue, Manhattan.

### WARSHIPS FOR MANCHURIA.

No Copy of Russian Treaty Received—Vicksburg for China.

WASHINGTON, Nov. 9.—Following a practice inaugurated five or six years ago, a United States warship, the Vicksburg, has been ordered to winter at Hushwang, the principal port of Manchuria. Some regard this in the present instance as a precautionary measure of the Government to see that Russia keeps her Manchurian provinces.

The State Department never has had a copy of the treaty negotiated by Li Hung Chang and the Russian agent at Peking relative to Manchuria.

### WOMAN FOUND DROWNED.

Body Is Discovered Floating in the East River.

Policeman Blake, of the Manhattan State Hospital, found the drowned body of a woman floating in the East River on the east side of Ward's Island, opposite One Hundred and Seventh street, this morning. The body was drawn ashore and taken to the Morgue.

The woman was evidently about twenty-eight years old, weighed 160 pounds, with dark hair, blue eyes and fair complexion. She was probably German. "We are still well in spite of all our hardships."

Notwithstanding the difficulties which are daily encountered by the State Department in its efforts to reach Miss Stone, the belief is strong among the officials that in the near future they will succeed in securing her release.

## WARNING TO MANY IN THIS ACCIDENT.

GUARD'S FOOT CRUSHED ON A BRIDGE TRAIN.

Slipped Between Two Cars, and Same Thing Might Happen to Passengers on Platforms.

A most unusual accident happened to a guard on a bridge train to-day. His foot was crushed between two cars while the train was in motion. Fortunately only one bone was broken.

The victim was Henry Palmer, of 509 Lexington avenue, Brooklyn. When his train was at "the summit" there was a jerk and the cars stopped for a second. This caused the two where Palmer was standing to separate and his foot slipped down between them.

Then they closed up and Palmer was in agony. The next instant his foot was released. He kept on up until he reached the New York side, where an ambulance was called from the Hudson Street Hospital and his injury was dressed. Then he was sent home.

The accident might happen to any passenger standing on the platform just as easily as to a guard.

**SLUNGSHOTS MUST GO.**
